Protein Disorder Prediction - Individual Project

This server uses deep learning methods to examine the intrinsic disorder in protein sequences.

Protein sequences can be found from the following websites: **Protein Data Bank** and **UniProt**.

To enter another sequence: **return to home page**

Name of entered sequence: >sp|P03265|DNB2_ADE05
Positions in the sequence that have been identified as being disordered are coloured red, ordered residues are green.
